

ELIKHULU TAILINGS RETREATMENT PLANT

The R1.74-billion Elikhulu operation is the Group's third gold retreatment plant, and was built within budget and commissioned ahead of schedule in September 2018. Elikhulu is one of the lowest cost operations in Africa, producing some 65,000oz per annum at an AISC of USD708/oz, with an operational life of 12 years.
